Dear David:

Judy and I have been blessed to be introduced to you and all of your team at Province Properties. The craftsmanship of your team is only exceeded by the quality of people they are. The workmanship is exceptional and the finished product exceeds even our lofty expectations.

Project Supervisor Mike Bennett is probably the best man I have ever worked with on any project. He is reliable, dedicated and accepts nothing but the best. No matter what type or how many requests for changes we made to Mike, he never once complained and always got the work done to perfection. He is the best.

Brothers Robert and Ensel are throwbacks to the old days when you showed up on time all the time, put in a good day's work and at the end of the day walked away from a job well done. The same can be said for Nick and Cliff. Fun to work with, hardworking and talented. We honestly will miss all of them.

We have had some very bad remodeling experiences over the years, but this one makes up for all of them. We are proud of our "new" home that you have provided for us and really cannot completely express our appreciation.

I interviewed several companies for this project; and after we met with you and your team and heard your "positive, can do" attitude as the owner, we knew you were the one to select for this extensive project. Judy and I just wondered if you were as good as you seemed. You were not – you were even better.

With thanks,
